EVENT FACILITIES

WEATHER

April through to October offers ideal conditions for any event at Puri Nirwana. EOs are advised to consider rainy season conditions and plan accordingly for events.

It is compulsory to use a marquee or a tent during the rainy season months in Bali (November – March). This will be the backup plan as the villa does not offer indoor space to accommodate the guests, especially when it involves a larger group.

The tent needs to have clear plastic sides, curtains, and a proper flooring. A professional vendor is required to ensure the quality of the structure follows EH standards. A list of approved vendors can be proposed.

EVENT SPACE

The deck area in front of the lounge area is ideal space for welcome drinks and for after ceremony cocktails. Ceremonies are best set-up on the main villa lawn or at the pool deck area with beautiful trees and jungle backdrops.

KITCHEN AND BAR

The villa's kitchen must not be used during an event; therefore, caterers must set up a satellite kitchen near the villa parking area / loading area or close to the tennis court and set up a marquee to cover the area while plating can be done inside the villa's kitchen or dining area. There is no bar available at the villa, therefore caterers will need to supply freestanding bars on the lawn and must use a mat to protect the grass.

GUEST WASHROOMS

There are two guest's washrooms near the villa's main kitchen or under the media room. It is the responsibility of the EO to ensure the cleanliness of the washrooms during the events.

PARKING AND ACCESS

The parking area is to be kept free for guests' arrival and departure (drop-off and pick-up only). This means that there is no parking on site for EOs or suppliers. Vehicles are permitted for a one-hour period for loading but should be off-site at least one hour prior to the event. Guests should be encouraged to use drivers or taxis for events at Villa The Beji.

REGULATIONS AND RESTRICTIONS

The deck area at the main lounge area can be a perfect space to welcome the guests or cocktail after ceremony, the furniture in the main lounge area can be slightly moved if absolutely necessary, however these areas should not be considered as event venues either.

None of the open bale or open living room can be used as a dance floor. A dance floor may be built in the lawn and it must have a raised platform to minimize damage to the grass.

Staging is permitted over the pool; however, a site plan must be submitted a minimum of 45 days prior for approval.

Floating bamboo and foam structures for candles and flowers are permitted; however, they should be removed by the EO by 1 am or as soon as guests enter the pool in order to avoid any damage or injury.

Fireworks, balloon release, and Thai wishing lanterns are strictly forbidden.

Marquees must be freestanding.

As the villa is located in a residential area, therefore a strict music curfew at 11 am applies for all loud music. In-house music played through villa's speakers are allowed after 11 pm with the volume control by the villa staff until 12 midnight the latest.

Another important note that Villa The Beji is located next to Canggu International School and there will be some noise around certain times during school days, i.e. from 1 pm – 1.30 pm break time and 3 pm after school finished. Some noises might also come from the activities after school in which EOs must advise the wedding couple in advance on this special condition or the activities surrounding the villa.
